Club Purpose: The goal of the VSC is to introduce and invite people to take advantage of our great resource – the Channel Islands and its sailing grounds. We achieve this by increasing participation in sailing by hosting racing and cruising events out to the islands. Beyond our events, we participate in established local racing, help procure crew for boats in need, and provide opportunities for those without boats to be involved in the year-round local racing and cruising scene, thereby becoming a community of boaters.
